

Stage 6: KS2 Quick Analysis

Go to **Modules > Assessment > Analysis > Go to Quick Analysis** > in the left-hand pane, you need to look for the admin user's folder (i.e. who set up the markbooks) and locate and open (+) the **KS2 2022** folder > then select the **NC Key Stage 2 2022** markbook.

NOTE: you will only be able to view complete **KS2 TA** data for **Writing** and **Science** when selecting the **NC Key Stage 2** markbook.

When KS2 Test data is imported into Integris (from 5/7/22), test marks and outcomes (AS/NS) can also be graphed by selecting the appropriate columns from the **Assessment Items** list

Note: Graph based on the **Assessment items** (column) for English with Reading (**KS2 En Rea TA**) listed as the first column. The graph will show only the data as entered – note: Reading TA data is only relevant for EM and PK1-6 values and the bar column will show this accordingly.

1. Click on **KS2 EN Wri TA** in the **Assessment items** list to switch the display to **Writing TA**

You should now see bar columns for each enrolled group assigned to the **NC Key Stage 2 2022** markbook – ie. **Class(es)** and/or **Year group (Total)**.

2. **Hover** over any part of the graph column to see the count/% figures
3. View the table beneath the graphs for further statistical detail
4. Click on any of the **Subject** tabs at the top to view a different subject

- Click on any of the **bar columns** (e.g.a class)– you will see displayed graphs for each of the following **groups** within the group selected : **Gender; SEN Stage; EAL; EverFSM (FSM PP only); Pupil Premium-Any Ever (all PP)**
- Select to view data as **Value** or **Percentage**
- If you have more than one class, switch class under the **Enrolled Group** menu
- Click **Back** to return to main graphs and select another bar
- Each graph can be exported separately (through the **EXPORT** menu) – either as data into a csv (spreadsheet); data into a table (HTML) or as an image (PNG)

Assessment Items (data columns from the NC Key Stage 2 markbook)

English: GPV – Grammar, Punctuation & Vocabulary; SPE – Spelling test mark; GOU – Grammar outcome; RD1 – Reading test mark; ROU – Reading outcome

Maths: ARI – Arithmetic test mark; REA1 – Reasoning Paper 1; REA2 – Reasoning Paper 2; MA OUT – Maths outcome
